DESCRIPTION

We are exclusively preparing for sale lucrative plots of land that are included in the territorial plan of the village of Mlynica with an impressive view of the panorama of the High Tatras. Within a short period, the land will be ready for subdivision and subsequent construction of family houses, which the client can book with us at the turn of May/June 2022. At the same time, we offer this project as an investment opportunity for clients who want to participate in the implementation and subsequent evaluation of this project. You will find out all the information about the project and investment options on our website in the next months.

The plots are also suitable for more demanding investors, with whom we can agree on mutual cooperation in the creation and implementation of the project
