DESCRIPTION

Level reality offers for sale three plots of land in a quiet, uptown part of the village of Dolný Vadičov in a pleasant natural environment with north-east orientation. The plots are of a slightly sloping nature, a paved access road leads to them and is passable even in the winter. Since there are several new buildings built in this location, the plots are intended for the construction of family houses. Territorial planning information from the municipality is also available. As for networks, they are not located on the land, electricity can be connected from a nearby building, approximately 100 meters away. There is no sewage system or water supply in this location, so it is necessary to deal with waste with a cesspit or a private treatment plant and water with a well. The plots can be also purchased separately, two of them are 1000m2 and one is 1247m2. This property is suitable as an investment opportunity, but nature lovers will also find it useful.

Of course, financial and legal services are including of the price. If necessary, we will provide you with a mortgage loan with complete service also including of the price. If you are interested of a tour or more information, contact the broker.
